

# Business Specialist Certification Description

*Education Services*

## **Description:**

This certification program is designed for experienced members of implementations teams. Business Specialist certification demonstrates your proficiency in Proliance configuration and implementation tools. The certification program consists of three components – first two are accessible through Meridian e-Learning Center and the third is obtained through work experience in the Business Specialist role.

- **Multiple Choice Questions Exams:** You will be required to complete a multiple choice exam of approximately 50 questions. Each test must be completed with 80% score or higher. Allow 1 hour for completing the multiple choice exam, but you can stop and resume the tests at anytime or retake, if needed.
- **Hands-On Exams:** You will be presented with case studies through which you will demonstrate your working knowledge of Proliance configuration tools. You will also be challenged with a comprehensive solution case study where you will need to configure Proliance based on sample business requirements. Allow 10 hours to complete the case studies.
- **Experience on Proliance Implementation Projects:** you will need to demonstrate an effective participation in implementation activities and obtain approval from your manager to satisfy this requirement.

## **Pre-Requisites:**

This certification program requires comprehensive knowledge of Proliance Administration tools. Completion of Proliance Admin course is strongly recommended, but real life experience implementing Proliance will also be invaluable.

## **Topics:**

Multiple Choice and Hands-On Exams:

- Local Admin and UI Configuration
- Custom Print Layouts
- Nomenclature

Experience on Proliance Implementation Projects:

- Participation in Business Process Discovery
- Participation in Detailed Configuration Discovery
- Participation in User Acceptance Testing
- Completion of Configuration Requirements based on Client Specifications
- Completion of Custom Print Layout design based on Client Specifications
- Completion of Functional Specifications Documentation
- Completion of Testing Scripts

## **Objectives:**

Upon completion of this program participants will demonstrate the level of knowledge necessary to effectively fulfill the Business Specialist role at Meridian. Participants will receive a plaque verifying that he/she is a Proliance Business Specialist Certified and will also be registered in the Meridian Systems database for future reference and verification.
