

Proliance Product Certification Description

Education Services

Description:

This certification program is designed for experienced Proliance users, administrators, and members of implementations teams. Proliance certification demonstrates proficiency in the latest Proliance functionality. The certification program consists of two types of exams – both accessible through the Meridian e-learning Center:

- **Multiple Choice Questions Exams:** You will be required to complete a multiple choice exam of approximately 150 questions. Each test must be completed with 80% score or higher. Allow 3 hours to complete the multiple choice exams, but you can stop and resume the tests at anytime or retake, if needed.
- **Hands-On Exams:** You will be presented with case studies through which you will demonstrate your working knowledge of Proliance. Allow 5 hours to complete hands-on exams.

Pre-Requisites:

This certification program requires knowledge of Proliance Foundations and Business Applications. Completion of Proliance Intensive course is strongly recommended, but real life experience implementing or using Proliance will also be invaluable.

Topics:

Foundations:

- Introduction to Proliance
- Reports and Views
- Communication
- Address Book
- Security
- Programs and Projects

Business Applications:

- Contract Management
- Budget and Cost Management
- Scheduling
- Office Management
- Field Management

Objectives:

Upon completion of this program participants will be able to move on to the next level of certification pertinent to their discipline: Trainer, Specialist, Developer, or PMO. Each participant will receive a plaque verifying that he/she is a Proliance Product Certified User and will also be registered in the Meridian Systems database for future reference and verification.
